

Changes to the Oranga Tamariki Act. *How do we respond?*

A joint-venture capability development programme of NZCCSS and SSPA

Improving Outcomes for Tamariki Māori Workshop Series **Tiaki Tamariki: Whakamana Whānau Programme**

Changes to the Oranga Tamariki Act 1989 **Section 7AA** mean that now more than ever there is a need for service providers to have the skills, practices and structures that support improved outcomes for tamariki Māori and their whānau.

How we can help you respond

The **Tiaki Tamariki Whakamana Whānau programme** is a series of one-day interactive workshops that will help you enhance your organisation's capability to respond to the Act's changes and help your staff work alongside tamariki and whānau.

NZCCSS and SSPA have contracted with Haua Partnerships to develop the programme. We've designed the four regional workshops specifically for organisations focussed on beginning and/or continuing their journeys towards more effectively working alongside Māori. It aims to help foster the skills, practices and structures needed to effectively support improved outcomes for tamariki Māori and their whānau.

The programme's skilled facilitators will work with you so that you can adapt and respond to your local environment.

What's involved

The programme is designed around a whole-of-organisation approach. Such an approach will involve you:

- Supporting two or three of your staff to participate in and promote organisational approaches within your workplace to achieve improved outcomes for tamariki Māori and their whānau.
- Participating in the four one-day workshops in your region over the coming months.

This programme is free to attend for Oranga Tamariki contracted providers and their staff.

Where and when

Commencing from November 2020, the workshops will be held in:

Whangarei, Auckland, Hamilton, Tauranga, New Plymouth, Napier, Palmerston North, Wellington

The follow-on workshops will be held in March, April and May in 2021.

Register your interest now!

Join with other NGOs in your region to improve your service delivery to Māori.

You can register your interest in attending by emailing admin@sspa.org.nz with your details.
